VTHT1012
Do you want to learn more about how to care for feline and canine animals? Are you interested in beginning a career in animal caretaking, veterinary work, animal boarding, or pet grooming? Do you want to begin a summer job in pet sitting? If you said yes to any of these questions, then this course will be perfect for you. In our newly designed Animal Caretaker course you will be exposed to topics such as animal care and comfort, grooming, animal husbandry, sanitation, safety procedures, basic animal observation, record keeping, factors associated with animal behavior, and much, much more.
