Literary criticism is the evaluation, analysis, description, or interpretation of literary works. Criticism may examine a particular literary work, or may look at an author’s writings as a whole. Finding literary criticisms can be a challenge at times. This pathfinder has been designed to assist students in researching and writing a paper that requires sources of literary criticism both in print and electronic formats.

DATABASES

For literary criticism the following databases can be very helpful:

- **20th Century Poetry Collections**: offers online access to some poetry of some of the greatest writers of the 20th Century.
- **Contemporary authors**: presents complete and up-to-date biographical and bibliographical information and references on more than 125,000 US and international authors.
- **Contemporary Literary Criticism**: offers full text critical essays on over 800 contemporary authors and their works.
- **Dictionary of Literary Biography**: provides over 12,000 biographical and full text critical essays on the lives, works, and careers of influential literary figures from all eras and genres.
- **Literature Resource Center with Scribner and Twayne's**: provides full text criticism, biographies, bibliographies, and work overviews covering authors from every genre, time period and discipline. It covers more than 130,000 novelists, poets, essayists, journalists, philosophers, filmmakers, and anthropologists.
- **Proquest Learning: Literature**: where students come for the latest word on the authors they study in class and read at home.
