HOW TO EVALUATE YOUR RESOURCES
CURRENCY: the timeliness of the information
When was the information published? Is it outdated?

RELEVANCE: the importance of the information
Does the information relate to your topic or answer your question?

AUTHORITY: the source of the information
Who is the author? Are credentials given? Is there contact information?

ACCURACY: the reliability and correctness
Where does the information come from? Is it supported by evidence? Is it biased or unbiased?

PURPOSE: the reason the information exists
What is the purpose of the information: to inform, teach, sell, entertain, or persuade? Is the information fact, opinion, or propaganda? Are there political, ideological, cultural, or personal biases?

HOW TO CITE YOUR RESOURCES
