How can we improve ITV Courses?

Text Response

Be more engaging.

Be more engaging

we had problems at the beginning of the year, however, after they were resolved our professor visited our campus during his own time (which was helpful).

At the beginning of the semester, our class had a very difficult time hearing our instructor, but we had this issue taken care of. I believe if we had more visuals displayed on the screen, it may help us pay more attention and help us retain information better.

I think it's very well. I cannot think of anything that needs to be improved.

I do not think anything needs improvement.

To have better picture quality

I would add cushioned seats.

Teach Mr. Fitts how to better use his technology that he is provided with.

have people be more energetic when they teach and improve the videp and audio of the ITV Course

The picture quality is sometimes pretty fuzzy. So I would say to improve the quality of the picture.

The picture is sometimes delayed or out of sync with the audio, and occasionally the image looks fuzzy

make it so we could here each other better for the teachers who have soft voices

The main problem we face during our Duel Credit class is poor connections to the HC campus. The audio and video wer a bit rough at the beginning of the semester, but it has been fixed over time. Overall, the only thing that needs a little fixing is the connection between campuses.

Try finding a better way to have a clearer picture of the instructor and other students. The picture quality is sometimes hard to make out what the instructor looks like. I like to have a distinct image of a person when they are talking to me and that is sometimes a distraction. Also, I would have loved to have a better interaction between the students from different schools.
